

On 15th of December was held in the **Centre Audiovisual de Granollers**, the last session of the series of **Conversations in 3D**

organized by

[CIDAG](#)

(Audiovisual Distribution and Research Center), session dedicated to the **3D exhibition and projects Showcase.**

Besides

Global

3DS

solutions

first project,

"La Seu d'Egara és Bellesa",

7 other projects were presented in different styles, formats and budgets, all of a high level and quality, for example:

XP 3D

, the film directed by

Sergi Vizcaino

which premieres on December 30 to all 3D movie theaters in Spain. all the catalonian producers were invited to the event . In the pictures you can see the various speakers who participated.

We hope that experiences like this are going to be repeated to help enhance and stimulate the creation of 3D content.
